S. P. C. R. BANQUET

GIVEN BY COMMERCIAL CLUB AT ELKS CLUB LAST NIGHT.

HAD MANY GOOD THINGS

Speakers Hand Bouquets to Each Other—All Glad That Meet Was Back in Maryville.

The visiting members of the Standard Poland-China Record association were banqueted at the Elks club Tuesday night by the Commercial club. The menu consisted of two roasted Poland-China pigs, furnished by W. O. Garrett and Fred P. Robinson, and also of turkeys and chickens, with many other good things to eat.

During the serving of the banquet music was given by Maulding's orchestra. A quartet composed of Prof. P. O. Landon, Orlo Quinn and Misses Marie Jones and Nellie Wray gave a number of selections, and Miss Besse Scott and Frank Schumacher sang a few numbers during the dinner hour.

Fred P. Robinson, president of the Standard Poland-China Record association, presided as toastmaster. George L. Wilfley welcomed the visitors to the city on behalf of the local association and also for the Commercial club. Senator Anderson Craig of this city followed Mr. Wilfley in a short address. E. E. Carver of Guilford spoke of the Poland-China hogs of thirty years ago. Prof. Frank H. Shepherd of the Normal followed Mr. Carver and told a number of stories that delighted the banqueters.

S. McKelvie of Fairfield, Neb., spoke highly of the entertainment furnished by Maryville for the members of the association and said that the banquet was a splendid and bountiful repast.

R. P. Hosmer, the auctioneer of Maryville, gave a short talk, and H. L. Faulkner of Jamesport, Mo., concluded the speaking program. Mr. Faulkner, in his talk, said that the banquet was one of the best ever given to the association, and that he was glad the meeting was back at Maryville again. He further added that the association made a mistake by holding their meetings at St. Joseph for the few years that they did.

After the dinner a social hour was had, and on all sides the visitors remarked about the excellent dinner and the good time they were having. They seem to be glad, too, that the meeting was being held in Maryville instead of St. Joseph.

POLAND CHINA HOGS YEARS AGO

Those of Today Have Paid and Furnished More Homes Than any Breed of Livestock, says Carver

E. E. Carver of Guilford, who is well known as a Poland-China breeder, was one of the speakers at the banquet held Tuesday night, and in talking on the subject of Poland-China hogs of years ago, said:

"When the committee requested me to prepare something for this occasion relative to my observation of Poland-Chinas in their earlier days, the longer I pondered, the greater the task appeared. All I will attempt will be to recall from memory, what my observations were of a few of the then prominent herds.

"During the summer of 1877 I visited the farms of A. C. Moore, Canton, Ill.; Sisson Bros., Galesburg, Ill., and Shephard & Alexander, Charleston, Ill. At the Moore farms I found many hogs of all sizes and many colors, but very uniform in type. They had splendid hams, long deep sides, wide, flat backs and very growthy. Many of them stood high off the ground, were sway backed, down in the pastern joints, light in jowl, thin necks, long, slim heads with heavy ears, points almost touching. In color, black and white predominated, though some were white with black spots, and blue spots in the skin, while others were black with white and sandy spots. These were rather slow maturers as may be judged from the following from Moore's Swine Breeders' Journal of 1876, given me by Mr. Moore at that time and kept as a souvenir of my first trip in inspecting Poland-Chinas.

In 1858—32 head, 15 months old, averaged 397 pounds.

In 1860—32 head, 18 months old, averaged 483 pounds.

In 1861—48 head, 16 months old, averaged 409 pounds.

In 1862—24 head, 19 months old, averaged 699 pounds.

In 1868—25 head, 9 months old, averaged 244 pounds.

In 1869—65 head, 18 months old, averaged 539 pounds.

In 1870—20 head, 9 months old, averaged 397 pounds.

In 1871—40 head, 19 months old, averaged 469 pounds.

In 1872—69 head, 19 months old, averaged 501 pounds.

In 1873—125 head, 17 months old, averaged 420 pounds.

In 1874—150 head, 16 months old, averaged 405 pounds.

In 1875—123 head, 18 months old, averaged 410.

"At Sisson Brothers we found uniformity of both type and color. The hogs were dark spotted, wider heads, smaller ears and better set, showed some better quality of bone and feet than at Moore's, but not quite so much bone. The matured animals being equally large. At Shephard & Alexander's, who were then making a specialty of the Black Bess tribe, we again found different types, but uniformity everywhere present, only a few generations from the great white sows, Old Harkrader No. 11 and Lady Peugh No. 10. Their type was long, deep bodies, short heads, ears fine and wide apart, bone strong and flinty, but not as heavy as either of the other places. Necks, nicely arched, well sprung ribs, and good hams, legs well set and wide apart. In color they were dark, many being black with white points, coats thick and fine. Remember I thought it looked like Berkshire hair and did not buy anything.

"About this same time, and for many years previous, D. M. Magie, Oxford, O., was very prominent in the swine world, and he, too, had a type of his own; his hogs were quite coarse, rough, curly coats, frequently decorated with a large swirl. Most any color suited Magie, so it showed good feeding qualities. His hogs were long, deep bodies, remarkably heavy ears and jowls, often fish-backed, with a tendency to sway with age, hams well developed, great feeders and producers. With all these strong conflicting types, with no recognized standard for guidance, or record, through which to trace blood lines (the first volume of the Ohio being published in 1877 and the American two years thereafter), the American breeder has within less than four decades brought to the present high standard of development of the animal form, and the perfect system of recording their blood lines for future guidance.

"The Poland-China hog of today has paid for and furnished more homes, educated more farmers' sons and daughters, provided more luxuries of life for their producers than any breed of live stock the world has ever known."

Left for Washington.

Mrs. W. C. Van Cleve and son Kenneth left Wednesday morning for Washington, D. C., to join Mr. Van Cleve and son William, who have been there some time. The family will make their residence there during the present session of congress.

TO KANSAS CITY?

LOOKS AS IF RECORD ASSOCIATION WILL GO THERE.

HARVEY NEW MEMBER

Of the Board of Directors—W. O. Garrett Declines and Fred P. Robinson Was Defeated.

At the annual meeting of the Standard Poland-China Record association held today, annual reports were approved and routine business was gone over. The election of officers took place this afternoon and was still in progress at press time.

J. F. Cox of Keithsburg, Ill., was elected president of the association by acclamation.

W. O. Garrett was placed in nomination for member of the board of directors of the association, but declined the position. Fred P. Robinson and J. H. Harvey of Maryville, B. F. Gilmore of Hopkins and H. L. Faulkner of Jamesport were then nominated as members of the board, three to be elected. Harvey, Gilmore and Faulkner were elected.

With the defeat of Mr. Robinson it is thought that an effort will be made to remove the head office of the association from Maryville to Kansas City. At least a movement is on foot to do so, and if it should be brought up, two men in the meeting control enough votes to carry it. At press time this afternoon it looked as if Maryville will lose out.

Death of Child at Hopkins.

The 2-year-old son of Mr. and Mrs. Joseph Andrews, living at the south edge of Hopkins, died Monday afternoon of croup. The funeral services will be held Wednesday afternoon.

Twin Son Died.

The twin son of Mr. and Mrs. August Stapler, born to them Saturday night, died Monday evening at 9 o'clock. Funeral services were held at the residence Tuesday afternoon at 2 o'clock by Rev. Fr. Neimann. Burial in St. Patrick's cemetery.

Will Winter in Oklahoma.

Rev. R. V. Hughes, pastor of the Christian church at Broken Arrow, Okla., has been in Maryville the past week visiting his mother, Mrs. J. M. Hughes, who has been in poor health for some time, and his brother, Will R. Hughes. He left for his home Wednesday morning, accompanied by his mother, who will spend the winter with another son, Dr. J. E. Hughes of Shawnee, Okla.

Cleared $27 From Show.

The women of the City Federation realized $27 from their part of the receipts at the Empire theater Monday night, which will be enough to purchase three iron benches for the court house lawn. The women wish to thank all who patronized the show, for it was a good one, and especial thanks are due Mr. Albert Kuchs of the Empire, Mr. Maulding and his band, and the newspapers for their assistance.

A Replevin Suit.

A suit filed in Circuit Clerk Rathbun's office was by Wright & Ford for Robert Wachtel vs. Samuel B. Harmon. It is a replevin suit and the petition claims that the defendant was wrongfully in possession of a team of mare mules, valued at $500. The suit is for the recovery of the possession o fthe mules and $300 damages. If delivery cannot be had then, the plaintiff wants $500, that being the value of the mules.

Mrs. Will Gross left Tuesday evening for Ellenwood, Kan., for a visit with Francis Rader and family.

E. E. Clary of Kansas City has returned home from a visit with his sister, Mrs. William Frazee.

Miss Mae Orear went to Kansas City Wednesday morning to spend a few days.

WILL BUILD A GYM

SUCH IS THE TALK OF THE MEN'S BROTHERHOOD.

IS BEING CONSIDERED

Looks as if Project Will Go Through—The Christian Church Also Talking of a Gymnasium.

The regular meeting and banquet of the Men's Brotherhood of the First Methodist church will be held Thursday evening in the church parlors. The serving of the banquet will begin at 7:30 o'clock. A large attendance is expected and a pleasant evening anticipated.

About fifteen new members will be initiated into the brotherhood at this meeting, an initiatory service having been worked out for the reception of new members.

At the last meeting of the brotherhood the advisability of building a gymnasium for the use of the members was talked of enthusiastically and a committee was appointed to find out the cost of such a project. The committee was composed of Emmett Scott, Walter Wray and Lester Bennett, and it is expected they will make a report Thursday night. It is known that the brotherhood is passing a covetous eye on the Everhart corner as the most desirable location. This would certainly be a magnificent start for the churches and citizens of the town in a Y. M. C. A. building movement.

The men of the First Christian church of this city are also thinking along the same lines as the Brotherhood of the First M. E. church.

Broke Knife Blade.

While Kenneth and Kendar Rogers of Clearmont were scuffling Monday afternoon, Kenneth, playfully attempted to use a knife on his brother. The point of the knife broke off in one of Kendar's arms, it is thought. Dr. Dowell of Clearmont and Dr. Charles Dean of Burlington Junction were summoned and worked for an hour to secure the point of the knife blade but were unsuccesful. It is now believed that the point of the knife flew on the ground at some place near the scene. They are the sons of Jefferson Rogers.

His Eighth Birthday Anniversary.

Mr. and Mrs. A. J. Luppold gave a 6 o'clock dinner Tuesday evening in honor of their son, Stewart's, eighth birthday anniversary. Their guests were Stewart Luppold and his everyday playmates: Eugene Coleman, Florence O'Donnell, Ed O'Donnell, Jr., and Arthur O'Donnell.

"THE BIG FIVE."

Charles Wade is With Coterie of Iowa Business Men Holding Evangelistic Meetings.

Five Iowa business men who are known as "The Big Five" are now giving their time in holding evangelistic meetings at Wapello, Ia., and will probably continue in the work for several weeks in other places as well.

They are simply a bunch of business men talking mainly to other business men about what the religion of Jesus Christ has done for them and how its principles may be applied in every-day home and business life, profitably and happily.

A Maryville woman recently returned from a visit at Wapello, Ia. On Sunday a week ago she attended the evening meeting and heard Charles Wade of Fairfield, Ia., speak on "Prayer in the Home and Family Worship." The church was packed to its capacity, and after Mr. Wade's talk of a half hour another business man from Ottumwa spoke another half hour.

The music was conducted by a student from Parsons college, and when he served a certain time in the meeting his place was taken by another student.

Mr. Wade also addressed the men's meeting in the afternoon. He and the other business men in this work are doing much good. They give their services and pay their own expenses. There is an agreement as to when each man shall appear in his part of the meeting and how long he shall stay, so that he may know just how much time he devotes to his business.

Charles Wade is a son of Mr. and Mrs. O. P. Wade of Maryville. He has become one of the leading young business men of the state of Iowa and has a large department store at Fairfield. He was an active member of the First Presbyterian church of this city, where he began his business career, and he and Mrs. Wade have continued their church activities in Fairfield and are a recognized power for good.

KILLED IN ACCIDENT.

James Phillips of Near Alanthus Met Death While Engaged in Sawing Wood.

James Phillips, living two and a half miles east of Alanthus, was killed Monday afternoon while engaged with others in sawing wood with a wood sawing machine. His coat caught in the belt of the flywheel, throwing him against the wheel. His neck was broken and his body badly mangled. He was a man between 60 and 65 years of age. He is survived by his wife and four children, three of whom live in California. One son, Thomas Phillips, lives at home. Funeral services were held Tuesday afternoon at the Christian church in Alanthus, and burial took place there.

NO MORE MONKEYS

SO CARL WRAY IS TRYING TO SELL THEM.

WHAT HE SAYS ABOUT IT

In a Letter to Mark Turner of This City, Who is Starting a Menagerie—No Monkey Business.

Mark Turner, Maryville's widely known menagerie and show man, received a letter Wednesday morning from Carl Wray, the irrepressible banker of Guilford, telling of his desire to assist his worthy father-in-law, Matthew Whiteford, in getting rid of a pair of fine monkeys.

Mr. Whiteford, as is known, is one of the most prominent stock men and farmers in Northwest Missouri, and hasn't time to spend in any kind of monkey business. He has had all the pleasure out of his monkeys he can afford to have, and feels that he must again resume his dignified station as a stock raiser and farmer with nothing to hinder or upset that fine attitude he has always held with such becoming ease. He has enlisted the services of his astute son-in-law to help him in getting rid of the little pests that have taken so much of his time and attention from graver and more important things of life. Mr. Wray's letter to Mr. Turner reads:

Guilford, Mo., Jan. 6.—Mark Turner, Maryville, Mo.: Dear Marcus—My father-in-law has a fine pair of monkeys, a male and a female, which he would dispose of to a man with a big heart who would give them a good home and treat them as monkeys should be treated. Now, we think that you would not monkey with the affections of a monkey, and we would not monkey with you nor make a monkey of you, but we have these two monkeys for sale, and if you are in the monkey market, we shall be pleased to sell, set over and transfer to you these two jewels of the woods.

Our only reason for severing our pleasant relations is that we find we we can get a goodly part of your wealth for them and give them a place where they will feel at home, we feel that we ought to do so. Please write and tell me how the monkey market is nowadays and then we can tell whether or not we can make a deal. Very truly,

CARL WRAY.

DEATH AT SKIDMORE.

W. S. Hickman Was Victim of Cancer—Had Gone Through Two Operations—Funeral Thursday.

W. S. Hickman, a farmer of Skidmore, died Wednesday morning of cancer. The malady was first discovered two years ago, and he went to Chicago and was operated on. Last July the disease appeared again and he went to St. Joseph for treatment, returning two months ago, and was not able to leave afterward.

The funeral services will be held Thursday afternoon at 2 o'clock at the home, conducted by the pastor of the Christian church, Rev. Polly. Burial at Skidmore.

Mr. Hickman was born in Holt county, near Craig, and grew to manhood there. He was married to Miss Laura VanFleet of Holt county. They came to Skidmore to live seventeen years ago. He is survived by his wife and a daughter, Miss Bonnie Hickman, who is 18 years old. Also a sister, Mrs. Wilson Heffner of Coin, Ia.

Mr. and Mrs. Fred Clark and Mr. and Mr. and Mrs. Orliff Clark have gone to Clarinda, where the new hotel they will have charge of, the New Lindeman, will be opened January 15. The building has been remodeled from cellar to garrett and will be a beauty when all the furnishings are in. It has sixty-five guest rooms, a telephone in each room, and twenty-seven of the rooms have private bath.

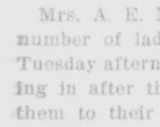
DARK DAYS COMING



With the shortening of the hours of daylight the strain upon the eyes becomes greater with its consequent effect upon the vision.

Have your eyes examined NOW.

Those just bordering upon the time when they need glasses will do well to attend to it at once, while those already wearing them should see to it that they still fit as they ought to. Good eyesight can be fostered just as you can preserve anything else with proper care.

THIRTEEN ARE ACCOUNTED FOR

Death List of Tank Steamer Oklahoma Stands at Twenty-five.

New York, Jan. 7.—Out of the thirty-eight men aboard the tank steamer Oklahoma when it broke in two in a storm off Barnegat, thirteen survivors have been accounted for.

Another story of heroic rescue was written beside the tale told by the wireless that brought the first news of the disaster. Until the Booth liner Gregory, fresh from a voyage 2,000 miles up the Amazon, steamed into port, the eight men taken off the Oklahoma by the steamship Bavaria were believed to be the only ones saved. But the Gregory had five more of the shipwrecked crew that its officers had dragged out of the boiling sea.

The Oklahoma's death list stands at twenty-five and, although its owners swept the sea with wireless messages imploring all vessels to look out for one of the steamer's boats that might still be adrift, there was little hope that more of the crew would be saved.

LITTLE HOPE FOR PLAYERS

National Commission Disposed to Reject Most of Their Demands.

Cincinnati, Jan. 7.—If all or any of the requests of the players' fraternity for a revision of the rules of organized baseball is to be granted by the national baseball commission or the committee from the minor leagues, it will be only after a hard struggle. This developed early at the joint meeting of the three bodies here when the committee from the fraternity was heard. Most of the demands were rejected.

The commission seriously objected to the part concerning waivers. Chairman Herrmann explained that secret asking of waivers did not injured the ball player, while Mr. Fultz could not understand why any secrecy in the matter was necessary. This request was finally laid over.

CATARRH VICTIMS

Get Immediate and Effective Relief by Using Hyomei.

Hyomei is nature's true remedy for catarrh. There is no stomach dosing—you breathe it.

When using this treatment, you breathe healing balsams and effectively reach the most remote air cells of the throat, nose and lungs, the catarrhal germs are destroyed—quick and sure relief results.

Hyomei often restores health to chronic cases that had given up all hope of recovery. Its best action is at the start of the disease when the breath is becoming offensive, and constant sniffling, discharges from the nose, droppings in the throat, or that choked up feeling begin to make life a burden. At the first symptom of catarrhal trouble, surely use Hyomei. Ask the Orear-Henry Drug Co. for the complete outfit, $1.00. He will refund the money if it does not give satisfaction.

A Party at New Beautiful Country Home.

Miss Lydia Ambrose and John and Floyd Ambrose gave a party to a few of their friends last Friday night, January 2, at their home, eight miles southeast of Maryville. Their home was most artistically decorated in the holiday colors of red and green. Bells were hung from the chandeliers and from the portieres between the parlor and reception room and between the reception room and dining room. The dining table was decorated in the color scheme. Red and green candles were used to light up the table, and a large red and green bell hung from the chandelier over the table, and red and green ribbon was drawn from it to the corners, where they were caught by green and red tapers, tied with butterfly bows of green and red. The centerpiece consisted of 1914 resolutions which were drawn at the close of the luncheon, which was served at midnight. On arrival of the guests they were each presented a bell, and on each bell was written a calling for each during the evening. For the evening various games were played, and both instrumental and vocal music given. The telegram contest was won by Miss Sylvia Coulter, who received a prize, and Misses Mary Guinn and Lola Coulter received prizes for picture contests, while Miss Emma Jensen and Mr. Ret Corrough received the prizes in drawing exercises. Long about the midnight hour ghost stories were told, and when at that critical moment the door bell rang, and on answering it a ghost appeared. The boys immediately vanished while the girls braved it out. The affair was the most brilliant given during the holiday season. The guests present were Misses Emma Jensen, Mary Coulter, Mary Guinn, Flossy Phillips of St. Joseph, Clair Kidder, Sylvia Coulter, Jennie Dobbins, Lola Coulter, Neva Smith, Minnie Coulter, Corda Smith, Mrs. Inez Anderson, Messrs. Harry Whitehurst, Earl Vickery, Ret and Fay Corrough, Walter Fetzer of Marengo, Ia., Harry Jensen, Rex Kidder, Delbert Ambrose, Raymond Dobbins.

A HAPPY CHILD IN JUST A FEW HOURS

When Cross, Constipated or if Feverish, Give "California Syrup of Figs," Then Don't Worry.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Advertisement.

JACKSON ELDER

Writes Characteristic Letter Regarding Loss of Appetite.

He says:

"Vinol is just the thing
For summer, winter, fall or spring.
Follow directions, take it right,
It will save your lagging appetite.

"I know for I have tried it. For weeks I could scarcely eat enough to keep a snake alive. I have taken three bottles of Vinol and now it looks like I will eat my head off. I am at the table three times a day eating as I did in the good old days when I split rails, dug wells, topped trees, plowed corn and hoed cotton. Try Vinol and see how good it feels to be real hungry."

When you ought to be hungry and are not it is because your stomach does not feel strong enough to ask for food—a sure sign of impaired general health. Better than dosing the stomach with pepsin for temporary relief is taking Vinol, our delicious tonic, which has the strengthening and blood-making power of iron, and the building-up value of cod liver oil. It quickly restores appetite and perfect digestion. If Vinol does not help you it costs you nothing.—Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

SIX DYNAMITERS GET RETRIAL

Court of Appeals Affirms Sentences of 24 Ironworkers.

RYAN IS DECLARED GUILTY.

Court Says His Own Testimony Confirms His Complicity—If Petition for Rehearing Is Refused Supreme Court Will Be Asked to Review Decisions.

Chicago, Jan. 7.—Six of the thirty labor union officials convicted in Indianapolis of conspiracy to transport dynamite who appealed were granted new trials and the sentences of twenty-four were confirmed by the federal court of appeals.

The cases reversed were remanded to the lower courts for retrial. The defendants in these cases are: Olaf A. Tveitmoe of San Francisco, William McCain of Kansas City, James E. Ray of Peoria, Richard H. Houlihan of Chicago, Fred Sherman of Indianapolis and William Bernhardt of Cincinnati.

The sentence of seven years' penal servitude against Frank M. Ryan of Chicago, president of the association, was affirmed. There were thirty-two convictions on charges of conspiracy to transport dynamite illegally.

Will Appeal to Supreme Court.

Ryan was the only one of the convicted men present in court when the decision was rendered. No effort will be made by the government to compel the return to prison of the men denied retrial pending the hearing of their petition for a rehearing of the case. If this petition is denied, it was announced by E. N. Zoline of counsel for the convicted dynamiters that an appeal will be taken to the United States supreme court.

The decision reads in respect to the appeal of Ryan: "This plaintiff was president of the association and its active manager. Letters written by him at various stages show his familiarity with the long course of destroying open shop structures. Ryan wrote the letter suggesting that reports of expenditures be discontinued 'while our trouble is on.' He signed all of the checks presented in evidence as used for the purchase of explosives. Ryan's own testimony confirms the evidences of his complicity."

GOVERNOR FINDS FRICTION

County Officers in Copper Strike District at Outs.

Houghton, Mich., Jan. 7.—Governor Woodbridge N. Ferris of Michigan celebrated his sixty-first birthday by plunging deep into the task of unraveling the copper strike tangle.

Strike leaders hope that Charles H. Moyer, president of the Western Federation, who is in Chicago recovering from injuries which he suffered when he was forcibly deported from Hancock, Mich., on the day after Christmas, will be in condition to return to the copper country before the close of the investigation. It is known that Moyer expects to attend the meeting of the Michigan Federation of Labor at Lansing next Monday, and that he had planned on coming back to this district before the meeting.

Officials of Keweenaw county spent a bad hour with the governor. The state executive drew out that Sheriff John H. Epting and James A. Hamilton, prosecuting attorney, had not always been in harmony, the prosecutor saying he had never been consulted on any strike matter, and that no cases arising from arrests had been [illegible].

REBELS TO RENEW ASSAULT

Constitutionalist Reinforcements Arriving in Vicinity of Ojinaga.

Presidio, Tex., Jan. 7.—Rebel reinforcements advancing to renew the attack upon Ojinaga, Mex., are arriving in the vicinity of the besieged town.

Except for the crackling of the fires where the federals were burning their dead, silence reigned over Ojinaga. Federal commanders put soldiers to work rebuilding the defenses of the town, badly battered by the rebel artillery fire. General Villa plans to cut off federal reinforcements and strike a fresh blow at Ojinaga before the garrison has had time fully to recover from the recent fighting.

Eighty Rebels Killed by Dynamite.

Mexico City, Jan. 7.—A variation of the usual dynamiting incident is reported from Agua Caliente. The rebels captured a train at Espiritu Santo. While it was approaching La Honda another party of rebels, believing that the train carried federals, exploded a mine. The train was blown up and eighty men were killed or injured.

Fight Promoter Put on Trial.

Los Angeles, Jan. 7.—The trial of Thomas J. McCarey, prize fight promoter, and the men charged with having violated the state law regulating boxing was begun today in the superior court. The case grew out of the contest at the Vernon arena the night of Aug. 22, in which John W. Young fought Jess Willard and died a few hours later.

Heney to Run for Senate.

San Francisco, Jan. 7.—Francis J. Heney, when told of Governor Johnson's decision to become a candidate for re-election, announced that he would run for the United States senate.

Overland $950.00

Completely Equipped

Costs You 30% Less—

THE man who buys without comparing or analyzing only succeeds in grossly fooling himself. The better you acquaint yourself with values the more intelligently and economically you can buy.

If, in one car, you can get a longer wheel base for less money then *that* car offers a greater value.

If, in one car, you get a more powerful motor for less money then *that* car offers you still greater value.

If, in one car, you get larger tires for less money then again in *that* car you get an additional value.

And so on throughout the entire car. If the fundamentals are larger, better and more powerful and the purchase price is less, which does it seem reasonable to buy?

The closer you make such an investigation the better the Overland shows up—and the harder it is on our competitors. Why is it you seldom see any of our competitors advertising their specifications? Are they afraid or ashamed?

Be that as it may, here are the facts:

The $950 Overland has a motor that is as large and as powerful as in most $1200 cars. *Compare and see.*

The $950 Overland has a wheel base as long as on most $1200 cars. *Compare and see.*

The $950 Overland is roomier, has greater leg stretch and more actual comfort than most $1200 cars. Compare and see.

The $950 Overland has tires as large as on most $1200 cars. Compare and see.

The $950 Overland has electric lights throughout, the same as $3000 to $5000 cars. Compare and see.

The $950 Overland has just as complete and just as expensive equipment as most $1500 cars. Compare and see.

The $950 Overland is just as superbly and richly finished as any $1500 car. Compare and see.

The $950 Overland is manufactured just as carefully as any car. Compare and see.

And such greater value for less money is possible on account of our enormous and therefore economical production methods, because we are the largest manufacturers in the world of this type of car.

Why hesitate? There are more Overlands being sold today than any other competing car made. And this is because we continue to give more standard car for less actual money.

The purchase of an Overland will save you a clear 30 per cent.

OPPOSES HUGE REGIONAL BANK

McAdoo Disapproves of One Embracing Most of East.

REMAINING DISTRICTS TOO LEAN

Appearance of J. P. Morgan Creates Stir in Committee Room—Admits He Has Not Studied Problem a Great Deal, but Did So in General Way.

New York, Jan. 7.—Secretary McAdoo of the treasury department intimated that he was opposed to the creation in New York of a huge regional bank embracing most of the northeast and 40 or 50 per cent of the country's banking power.

"If we put 40 or 50 per cent of the banking power into a New York district," said Mr. McAdoo, "we would be obliged under the law to divide the remaining territory into seven districts that will be comparatively lean."

Mr. McAdoo said the establishment of two or three banks in the northeast—as for example at New York, Boston and Baltimore—would not dislocate the closely interwoven business and financial relations of the northeastern territory. On the other hand, he said, establishment of more than one bank would facilitate the course of exchange and mercantile transactions between these districts.

Morgan Before Committee.

The appearance of J. P. Morgan created a stir in the committee room when the hearing was resumed. Mr. Morgan said he had not studied the problem before the committee, except in a general way.

"I haven't looked into it as much as I should have done," he said, "if I had known that I was coming here. However, I am moderately familiar with the federal reserve act."

He said he could not attempt to outline to the committee any plan for dividing the money into regional reserve districts. He thought, however, that there should be three regional banks on the eastern seabord, three in the middle of the country and one on the Pacific coast.

As for the district which will include New York, Mr. Morgan said, the essential feature was to establish a regional bank of large size, particularly with a view of commanding the respect of the European bankers. He thought that the three eastern banks should be in Atlanta, Boston and New York.

TO ASK FOR TEN BANKS

McAdoo and Houston Thought to Have Made Up Their Minds.

Washington, Jan. 7.—From sources believed thoroughly trustworthy the information comes that Secretaries McAdoo of the treasury department and Houston of the department of agriculture will demand the establishment of ten regional banks, a compromise between the minimum and maximum number provided for in the new banking and currency act.

At the hearings held in New York it was the consensus of opinion of those who appeared before the two representatives of the administration now engaged in sounding the business and banking interests that but eight regional banks should be created, always having uppermost that one of the regional banks should be established in the great money centers of the nation.
